

Holy Homes - Suffering

Have you ever met someone who believes that they always get the short end of the stick? If we're honest with ourselves most of us portray this same attitude a little too often. On the other hand a proper view of suffering can be a powerful form of evangelism and brings God much glory.

1) Define suffering. How does it look? Is it still considered suffering if you bring it on yourself?

2) Give some examples of suffering. (Think Biblical *and* secular) How did the parties involved react?

3) What does God say about suffering?

4) Why is a poor response to suffering so bad? Who benefits from our poor response to suffering?

5) Why is a godly response to suffering so good? Who benefits from our godly response to suffering?
